DETAILED ACTION

The reply filed on August 2, 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Newly submitted claims 30, 35-38, 41, 43, 44, 46, 47, 49, 50, 52, 54, 55 and 59-63 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Independent claims 30, 62 and 63 are not regarded as being drawn to originally elected Figs. 1-8. In particular, the specification in paragraph [00044] sets forth that the lock 34 in fig. 1-8 is conventional and operated by a keypad. As set forth in paragraph [00049], the door is moved by exerting pressure on a D-handle in elected figs. 1-8. Accordingly, in claim 30, line 34, "a locking handle moving a locking member" and in claim 30, lines 41-42, "said locking handle...receiving a rotating and lateral force" are not regarded as reading on elected Figs. 1-8. These limitations are also present in independent claims 62 and 63. Accordingly, all pending claims are not regarded as being drawn to the elected Figs. 1-8 embodiment. Applicant may also use reference numerals in any future amended claims to clarify which elements are being claimed. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
